Overview

I. Purpose

This Code of Business Conduct and Ethics (“Code”) describes standards of conduct and business ethics expected of the directors, officers and employees of Tallgrass Energy, LP (“TGE,” and collectively with its direct and indirect subsidiaries and entities for which TGE serves as the general partner, the “Partnership”).

II. Scope

This Code applies to all directors, officers, and employees of the Partnership (collectively, “Partnership Employees”). Although the principles set forth herein are not designed to govern all matters, events, or situations possible, a familiarity with the basic principles of this Code should assist Partnership Employees in avoiding illegal or unethical behavior. Partnership Employees are expected to exercise high standards of integrity and sound ethical judgment. This Code is qualified in its entirety by Section 7.12 (Business Opportunities) of the Third Amended and Restated Agreement of Limited Partnership of TGE.

III. Reporting Violations of This Code

All Partnership Employees have a duty to report any known or suspected violation of this Code, including any violation of the laws, rules, regulations, or policies that apply to the Partnership. If you have actual knowledge of or suspect a violation of this Code, immediately report such information to your supervisor. You are encouraged to contact your supervisor first. If you feel uncomfortable reporting the conduct to your supervisor or do not receive a satisfactory response from your supervisor, you may contact Human Resources or the General Counsel of the Partnership directly. Violations may also be reported anonymously by using the Ethics Hotline at 1-800-916-7037 (Company Identifier Code: 8347) or by using the anonymous online reporting form on the Partnership’s SharePoint site at <https://tallgrassenergylp.sharepoint.com/sites/tgr>.

It is Partnership policy that any Partnership Employee who violates this Code will be subject to appropriate discipline, which may include termination of employment. This determination will be based on the facts and circumstances of each particular situation.

After receiving a report of an alleged violation, the supervisor or General Counsel of the Partnership must promptly take all appropriate actions necessary to investigate. Reports of known or suspected violations will be handled with discretion, and your confidentiality will be protected by your supervisor, the General Counsel of the Partnership and the Partnership to the extent possible. All Partnership Employees are expected to cooperate in any internal investigation of misconduct.

IV. No Retaliation

It is the Partnership’s policy that any Partnership Employee who seeks help regarding a Partnership business matter or makes a report of a violation in good faith shall not be subject to any form of retaliation or reprisal. Retaliation against a Partnership Employee who sought such

help or made a report will be subject to disciplinary action, up to and including dismissal from the Partnership.

Compliance with Laws and Regulations

I. General

The Partnership is committed to complying with governmental laws, rules and regulations applicable to its operations. Partnership Employees should avoid any activity that involves or could lead to the involvement of the Partnership, its assets or any Partnership Employee in any unlawful practice.

Each Partnership Employee is responsible for becoming familiar with the laws, rules and regulations applicable to their respective duties and responsibilities and to conduct themselves in compliance with those laws, rules and regulations. Over and above legal compliance, Partnership Employees are expected to observe the additional standards of business and personal ethics specified in this Code, and to conduct themselves in a manner that would not be an embarrassment or a detriment to the Partnership or its reputation. Because violations of laws can result in civil damages, criminal penalties and fines for the Partnership, as well as Partnership Employees individually, each Partnership Employee should contact their supervisor, Human Resources, or the General Counsel if any issues arise regarding this Code or the law.

II. Insider Trading

Legal compliance shall include, without limitation, compliance with the “insider trading” prohibitions applicable to the Partnership and Partnership Employees. Generally, no Partnership Employee may buy, sell or otherwise trade in the stock or other securities of a company at any time when the person has access to or knowledge of confidential or material non-public information about such company, whether or not they are using or relying upon that information. This restriction on “insider trading” is not limited to trading in the Partnership’s securities. It includes trading in the securities of other firms, particularly firms that are current or prospective customers or suppliers of the Partnership. The restriction extends to sharing information or tipping others about such information, especially since the individuals receiving such information might utilize the information to trade in the securities. Insider trading may violate federal securities laws.

III. Public Disclosures and Communications

Partnership Employees are expected to be accurate and complete when communicating internally or with customers, vendors and others regarding Partnership business. The Chief Executive Officer and executive officers responsible for public communications about the financial and business condition of the Partnership are responsible for full, fair, accurate, timely and understandable disclosure in public communications about the Partnership. Only persons who have been specifically assigned the responsibility of public communications on behalf of the Partnership may do so.

The Partnership’s principal financial officers and other employees working in the Accounting Department have a special responsibility to ensure that all the Partnership’s financial disclosures are full, fair, accurate, timely and understandable. These employees must understand

and strictly comply with generally accepted accounting principles and all standards, laws and regulations for accounting and financial reporting of transactions, estimates and forecasts.

Conflicts of Interest

I. What Is a Conflict of Interest?

When a Partnership Employee's private interests or relationships affect his or her ability to act in the best interests of the Partnership, a conflict of interest may arise. Such a conflict may occur when a Partnership Employee receives or obtains personal benefits, favors, gifts, perks or preferences as a result of such Partnership Employee's position with the Partnership that are excessive or unreasonable and that potentially influence a Partnership Employee's actions on behalf of the Partnership.

II. Examples of Conflicts of Interest

Identifying potential conflicts of interest may not always be clear-cut. The following situations are examples of conflicts of interest:

- Outside Employment: No Partnership Employee should be employed by, serve as a director of, or provide any services to a company that is a material customer, supplier or competitor of the Partnership.
- Improper Personal Benefits: No Partnership Employee should obtain any material (as to him or her) personal benefits or favors because of his or her position with the Partnership.
- Financial Interests: No Partnership Employee should have a significant financial interest (ownership or otherwise) in any company that is a material customer, supplier or competitor of the Partnership. A "significant financial interest" means (a) ownership of greater than 1% of the equity of a material customer, supplier or competitor or (b) other than investments owned prior to the adoption of this Code, an investment in a material customer, supplier or competitor that represents more than 10% of the total assets of the Partnership Employee.
- Loans or Other Financial Transactions: No Partnership Employee should obtain loans or guarantees of personal obligations from, or enter into any other personal financial transaction with, any company that is a material customer, supplier or competitor of the Partnership. This guideline does not prohibit arms'-length transactions with banks, brokerage firms or other financial institutions.
- Service on Boards and Committees: No Partnership Employee should serve on a board of directors or trustees or on a committee of any entity (whether for-profit or not-for-profit) whose interests reasonably would be expected to conflict with those of the Partnership.
- Actions of Family Members: The actions of family members outside the workplace may also give rise to the conflicts of interest described above because they may

influence a Partnership Employee's objectivity in making decisions on behalf of the Partnership. For purposes of this Code, "family members" include your spouse or life partner, brothers, sisters, parents, in-laws and children, whether such relationships are by blood or by adoption.

This list of examples is not meant to be exhaustive. If you have any questions or feel that you or another Partnership Employee may have a conflict of interest, please contact your supervisor or the General Counsel.

III. Disclosure of Conflicts of Interest

Partnership Employees are required to disclose to their supervisor, Human Resources or the General Counsel any situations that reasonably could be expected to give rise to a conflict of interest. If you believe that you may have a conflict of interest or observe or suspect that another Partnership Employee has a conflict of interest, you should notify your supervisor or the General Counsel immediately. Your supervisor, Human Resources or General Counsel will work with you to determine whether there is a conflict of interest and, if so, how best to resolve the conflict. If the supervisor, Human Resources and General Counsel are involved in the potential or actual conflict, the matter should instead be discussed directly with the Chief Executive Officer. You should seek pre-approval of any potential conflicts of interest prior to engaging in any transaction or relationship that you reasonably believe may lead to such conflict.

Related Party Transactions

The Partnership recognizes that transactions with related persons present a heightened risk of conflicts of interest, and therefore the Board of Directors of the Partnership ("Board") or its authorized committee will periodically review all related person transactions in accordance with the Partnership's Related Party Transaction Policy and, when appropriate, initially authorize or ratify all such transactions. If the Board or its authorized committee considers ratification of a related person transaction and determines not to so ratify such transaction, the management of the Partnership shall make all reasonable efforts to cancel or annul the transaction.

The Board or its authorized committee should consider all relevant facts and circumstances available in determining whether or not to approve or ratify a related person transaction, including (if applicable) but not limited to: (a) whether there is an appropriate business justification for the transaction; (b) the benefits that accrue to the Partnership as a result of the transaction; (c) the terms available to unrelated third parties entering into similar transactions; (d) the impact of the transaction on a director's independence (in the event the related person is a director, an immediate family member of a director or an entity in which a director or an immediate family member of a director is a partner, shareholder, member or executive officer); (e) the availability of other sources for comparable products or services; (f) whether it is a single transaction or a series of ongoing, related transactions; and (g) whether entering into the transaction would otherwise be consistent with this Code.

Competition and Fair Dealing

All Partnership Employees should strive to deal fairly with fellow employees and with the Partnership's shareholders, customers, suppliers, competitors, employees and others. Partnership

Employees should not take unfair advantage of anyone through any unfair dealing practice. The Partnership competes vigorously in all of its markets, but endeavors to do so fairly and in compliance with all applicable laws. Unfair dealing practices include, without limitation, taking advantage of anyone through manipulation, concealment, abuse of privileged or confidential information, misrepresentation of material facts or covert activities. Additionally, this Code requires the avoidance of any conduct that violates, or that might appear to violate, principles related to unfair business practices; the antitrust laws that forbid any kind of understanding or agreement between competitors regarding prices, terms of sale, division of markets, allocation of customers or opportunities; or any other activity that restrains competition.

Corporate Opportunities

Any corporate opportunity discovered through or arising in connection with the use of property, information, position or relationship of the Partnership belongs to the Partnership. As a Partnership Employee, you have a duty to advance the Partnership's interests when the opportunity to do so arises. As such, if you become aware of or are presented with an opportunity that belongs to the Partnership, you must disclose the terms and conditions of the opportunity to the General Counsel. The General Counsel will consult with the appropriate management personnel. In the event the Partnership opts not to pursue the opportunity, you may pursue the opportunity on the same terms and conditions as those you presented to the Partnership. Partnership Employees shall not take personal advantage of any corporate opportunity without obtaining the prior written approval of the Partnership.

Confidential Information

Partnership Employees have access to a variety of confidential information, and as such are expected to protect the confidential information of the Partnership as well as that of its shareholders, customers, suppliers, fellow employees and others who disclose information to the Partnership on a confidential basis, unless disclosure is authorized or legally mandated. Confidential information includes all non-public information (regardless of its source) that might be of use to the Partnership's competitors or harmful to the Partnership or its customers, suppliers or partners if disclosed. The obligation to safeguard confidential information extends beyond a Partnership Employee's tenure with the Partnership. The unauthorized disclosure of confidential information might be harmful to the Partnership or others and could result in liability to you or the Partnership. If you have questions regarding confidential information or whether the disclosure of such information is legally mandated, you should immediately contact the General Counsel.

Protection and Proper Use of Partnership Property

Partnership Employees are charged with protecting the Partnership's assets and ensuring their proper use for legitimate business purposes only. Theft, vandalism, waste or the use of the Partnership's funds or assets, whether for personal gain, for any unlawful or improper purpose is strictly prohibited. Specifically, Partnership Employees should:

- Report actual or suspected theft, destruction, damage or misuse of Partnership property to a supervisor;

- Use Partnership property only for legitimate business purposes related to the Partnership, as authorized in connection your job responsibilities;
- Refrain from giving away, selling, trading, borrowing or removing Partnership property without proper authorization;
- Exercise reasonable care when dealing with the Partnership's property; and
- Safeguard all electronic programs, data, communications and written materials from the inadvertent or unauthorized access by others.

Discoveries, improvements or inventions made or conceived by a Partnership Employee during employment with the Partnership that pertain to the Partnership's business are the exclusive property of the Partnership, whether or not patentable or capable of protection under applicable law. Additionally, the direct or indirect use by Partnership Employees of the funds, property or other assets of the Partnership for political contributions of any kind is prohibited.

Partnership property includes all data and communications transmitted or received by, or contained in, the Partnership's electronic or telephonic systems, as well as all written communications. To the extent permitted by law, the Partnership reserves the right to monitor all electronic and telephonic communications, and Partnership Employees should have no expectation of privacy.

Employment Practices

The Partnership is committed to maintaining a safe workplace free from illegal discrimination, intimidation, harassment and retaliation.

The Partnership is committed to fair employment practices, including hiring, pay, promotion, termination, disciplinary action and other terms and conditions of employment. Each person is judged on his or her own merits without regard to race, religion, color, national origin, gender, age, marital status, physical or mental disability, veteran status, sexual orientation or other status protected by applicable law.

It is Partnership policy to endeavor to provide a safe and secure workplace for Partnership Employees and visitors. Partnership Employees shall follow all safety standards that have been established by the Partnership. Unsafe conditions or any accidents, no matter how minor, should be reported to your supervisor or the corporate safety representative. Threats, intimidation, or acts of physical violence in the workplace are prohibited and should be reported. Partnership Employees shown to be involved in such activities are subject to disciplinary action up to and including discharge.

Partnership Employees are required to comply with the Partnership's policy on drugs and alcohol in the workplace. The possession of weapons in the workplace, whether licensed or not, is prohibited unless such possession complies strictly with limited exceptions under applicable state law regarding the possession of specific firearms stored in private vehicles while in Partnership owned or operated parking areas. The fact that a state's laws allow an individual to have a license to carry a weapon does not modify the Partnership's policy. Individuals are encouraged to

immediately report any suspicious behavior to Partnership officials. If an individual has a compliance issue or a concern as to a possible violation of this Code, they are encouraged to report it to the attention of Partnership officials. The search of Partnership owned or leased property and Partnership owned or leased motor vehicles may be conducted at any time, whether or not the Partnership Employee (or a third party) is present, and does not require reasonable suspicion or permission.

Electronic Mail and Internet Use

Partnership electronic mail and internet access is provided for business purposes and should be always used responsibly.

All electronic mail, and the internet and intranet facilities provided by the Partnership, are the property of the Partnership and are to be used primarily for business purposes. Limited personal use of electronic media is acceptable, as in the case of personal emails or telephone calls, but only when used responsibly and when the privilege is not abused. The Partnership reserves the right to monitor, review, and disclose electronic mail as it deems appropriate without the consent of the Partnership Employee. The copying of software or other copyrighted material is prohibited.

Electronic media may not be used to transmit, retrieve, store, or access any communications which are (a) in purpose or effect discriminatory, harassing or derogatory to any individual or group, (b) obscene, defamatory or of a threatening nature, (c) a misuse of confidential or proprietary information, or (d) for any purpose which is illegal, against Partnership policy or contrary to the Partnership's best interests.

Postings to chat rooms or message boards through the Partnership supplied internet access are prohibited. Partnership Employees that otherwise participate in chat rooms or on message boards are prohibited from disclosing, either directly or indirectly, their employment with the Partnership or any information regarding the Partnership that is confidential or proprietary. Any communication by an identifiable Partnership Employee, even if a disclaimer is used, creates the possibility of a connection with the Partnership and the possibility that disclosures may be attributed to the Partnership.

Partnership Records

Accurate and reliable records are crucial to our business. Our records are the basis of our earnings statements, financial reports and other disclosures to the public and guide our business decision-making and strategic planning. Partnership records include booking information, payroll, timecards, travel and expense reports, electronic mail, accounting and financial data, measurement and performance records, electronic data files and all other records maintained in the ordinary course of our business and in accordance with the Partnership's policies in effect from time to time.

All Partnership records must be complete, accurate and reliable in all material respects. Undisclosed or unrecorded funds, payments or receipts are inconsistent with our business practices and are prohibited. You are responsible for understanding and complying with our record keeping policy. If you have any questions, you should ask your supervisor.

Anticorruption and FCPA

The Partnership has adopted specific principles to govern Partnership Employees' conduct to ensure that it (a) conforms to the U.S. Foreign Corrupt Practices Act (FCPA) and similar applicable anticorruption laws and regulation and (b) reinforces the Partnership's intention and obligation to act honestly and ethically in all our business dealings. Those principles are established in the Partnership's Anticorruption Policy. All Partnership employees are required to be familiar with the Anticorruption Policy, regardless of their roles, and to abide by it.

Amendment, Modification or Waiver

This Code may be amended, modified or waived by the Board of Directors of the Partnership from time to time in its sole discretion.
